

LOAD ESTIMATE CONDITIONS OF SERVICE

The following requirements apply to all General Service Customers:

The property owner must contact our Customer Care Department at least 48 hours prior to having the service energized and metering apparatus installed. The customer may be required to provide a security billing deposit. Connection authorization from the Electrical Safety Authority (ESA) is also required.

The company applying for electrical service, or its' representative, shall provide GrandBridge Energy Inc. (formerly Energy+ Inc.) with a Load Estimate, as outlined below, prior to the service being energized. The load estimate will show the projected electrical demand of the customer at that time, in kilowatts (kW).

Estimated date service is required by: _____

Existing Service Size: _____ **amps** **New Service Size:** _____ **amps**

(where applicable)

Existing Service Voltage: _____ **volts** **New Service Voltage:** _____ **volts**

(where applicable)

- **Initial electrical load at time of service being energized:** _____ **kW**
- **Electrical load six months after service is energized:** _____ **kW**
- **Electrical load 1 year after service is energized:** _____ **kW**
- **Electrical load 2 years after service is energized:** _____ **kW**
- **Electrical load 3 years after service is energized:** _____ **kW**
- **Electrical load 4 years after service is energized:** _____ **kW**
- **Electrical load 5 years after service is energized:** _____ **kW**
- **Building / Unit area (square footage):** _____ **ft²**
